University of Mumbai

- Eligibility: HSC
- Duration: 4 Years (Full-Time) Degree Course

Subject Highlights:

Concepts of Textile and Designing | Traditional & International Textile | Woven & Knit Structure
Industry Internship | Design collection | Entrepreneurship

Textile designing is an art of creating designs for woven, knitted, printed fabrics or surface ornamented fabrics. These fabrics have wide applications in apparel, fashion accessories, drapes, towels, rugs, home furnishing and so on. A textile designer can play with colors, textures and various materials to make unique fabrics. A textile designers job requires a flare for creative designing and a good understanding of fabric manufacturing techniques. The industry offers ample opportunities for textile designers.
