Placement Highlights

DRIEMS University has an outstanding placement record among Technical Institutes in Odisha.

More than 75% of the students get placed every year. More than 50% of the placed students get intern-to-job offers, where they do final year internships with monthly stipend varying from 6K to 30K.

Top companies in Product Development, Hospitality Industries, Start-ups, and IT services from diverse sectors recruit DRIEMS students.

Why Recruit from DRIEMS ?

- Student Selection:** Students are selected for admission to various programs via national and state level examinations.
- Rigorous Academic Process:** DRIEMS University academic processes are a combination of disciplined classroom learning, industry experience, and focused research and innovation.
- Thriving Research Center:** DRIEMS research enterprise promotes collaborative research.
- Summer Internships:** Summer Internships strengthen student skills and knowledge.
- Expert Faculty:** More than 50% of the faculty members have a Ph.D. with their research published in top scientific journals.
- Practice School:** The Practice School program in the final year augments the core skills of the students with additional competencies and makes them industry-ready.

OUR ALUMNI

Our alumni have distinguished themselves in diverse fields as scientists, academicians, technocrats and bureaucrats. While many of them are working abroad, several others have joined as faculty members in IITs, IIMs and other reputed universities in USA, Canada and Singapore. Some of them have also emerged as successful entrepreneurs. The Institute regularly invites them to participate in different institute activities. DRIEMS Alumni Association provides a forum to connect the alumni, faculty and students to enhance placement and career opportunities.
