# Director's Message

Dear Recruiters,

Greetings from the National Institute of Bank Management (NIBM).

I welcome you to the recruitment process for our students from the batch of 2022-24.

You are perhaps aware of the glorious history and heritage of the NIBM. Still to place things in perspective, please allow me to add that NIBM was established in 1969 by the Reserve Bank of India (RBI) as an autonomous, apex Academic Institution in the niche domain of banking and finance. It is governed by a Board, that includes representatives from the various member banks and educational institutes with the RBI Governor as its Chairman.

Over fifty years, the Institute is actively engaged in the Training/Skill development of senior executives of banks; Education to groom new generation managers; Research and Consulting support to the banking and financial sector. We are offering a two-year AICTE-approved post-graduate programme in banking and financial services - PGDM (B&FS).

You would be particularly happy to learn that NIBM has made its entry in the prestigious NIRF-ranked top 100 institutions in Management Category, this year for the first time.

The PGDM programme is particularly rigorous, and contemporary. With NIBM's 7:1 student-faculty ratio, no student is left out. Also, interfacing with practising bankers, who visit the campus regularly, ensures the optimum balance of principles and practice.

The PGDM 2022-24 batch is a pool of thoroughly trained young professionals well-equipped with the latest banking & finance knowledge, and analytical abilities. The internship assignments provide opportunities for students to work with banks and financial institutions to thrive their knowledge and skills. During the project, students actively participate in learning important issues related to banking operations and garner skills such as leadership, design thinking, and project management. The sincere efforts put in by our students during their internship work under the mentorship of experienced bankers/supervisors/professionals have been well appreciated by the recruiting organizations.

It is said, "Acquiring the right talent is the most important key to growth". Hope the recruitment process at NIBM would bear testimony to this adage for each of you.

I cordially invite you to actively participate in this year's placements.

# Message from Alumni

**Abhay Garg**  
Vice President at Kotak  
Mahindra Bank (PGPBF  
Batch of 2007-08)

“

Understanding of Banking/Finance concepts gained at NIBM many years ago still help me in dealing with professional challenges. Practical approach with which most concepts related to financial industry are taught at NIBM is the key differentiator as this approach makes decision making easier and also enhances the quality of decisions in professional life. With every passing phase of my career, I appreciate the value of being an alumnus of NIBM even more..."

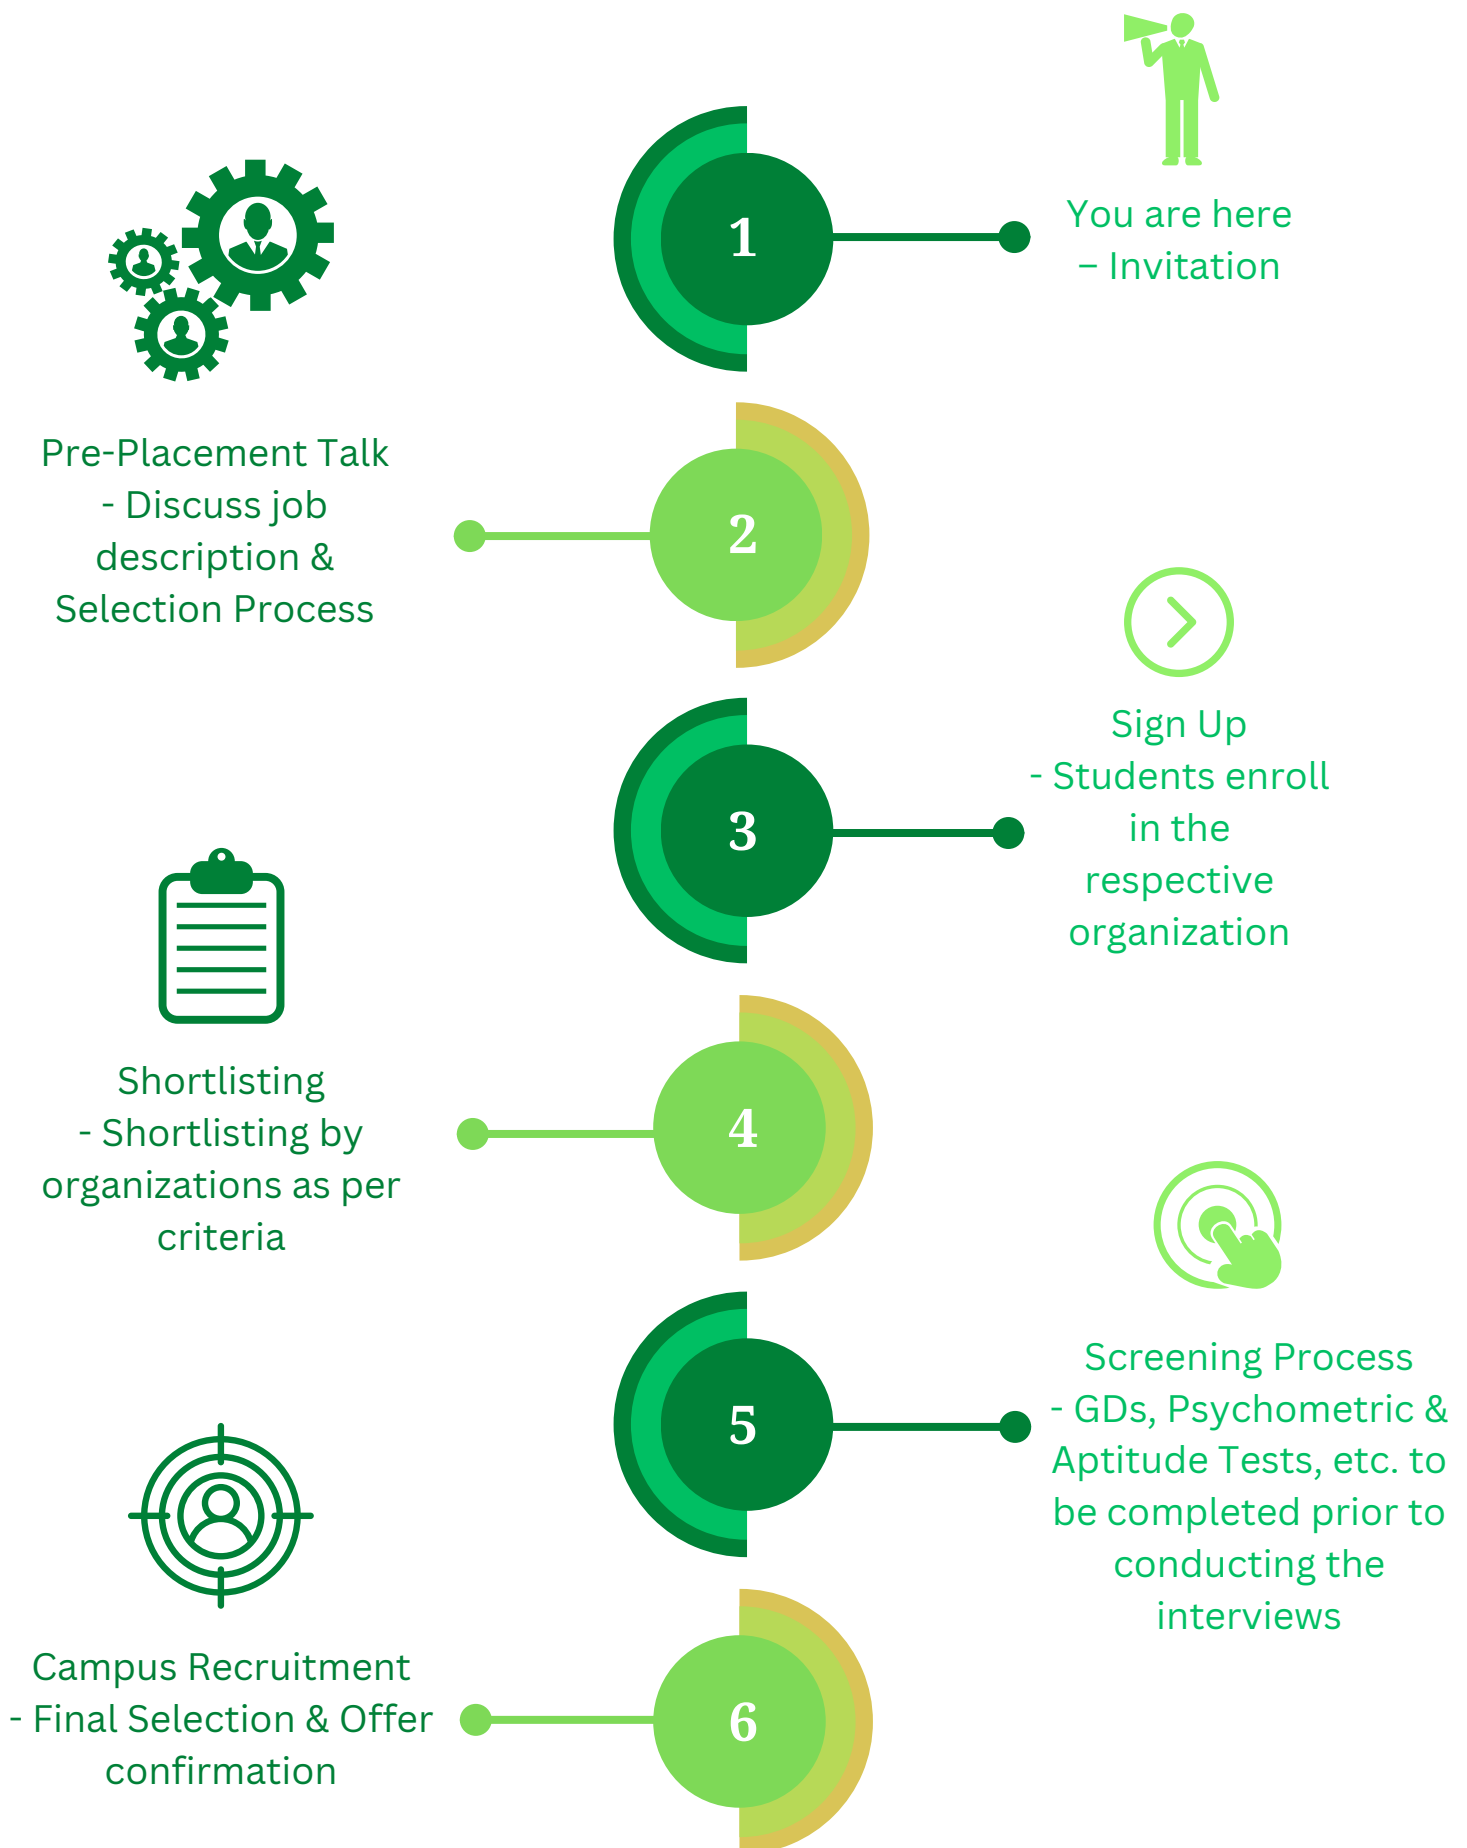

"I still cherish my PG days at NIBM, Pune. The course curriculum is a right balance between rigorous classroom teachings and practical insights in the world of banking and finance. Frequent lectures from noted practitioners of the industry, and tailor-made modules (like risk management, econometrics, ALM, etc.) ensure that the students are job ready and can hit the ground running in their respective organisations. The best-in-class library has a rich collection of books and journals. The sprawling lush green campus clustered around naturally grown trees fosters a positive and productive learning environment. Those two years were full of learnings, late night assignments, surprise tests and lifelong friendships.
