INTRODUCTION

Admissions to the Bachelor of Design (BDes) programmes at IIT Bombay, IIT Delhi, IIT Guwahati, IIT Hyderabad, IIT Roorkee and IIITDM Jabalpur are done through the Undergraduate Common Entrance Exam for Design (UCEED). Many institutes also recognize the UCEED Score Card for admissions to their BDes program. The list of result sharing institutes using UCEED scores for admissions to their BDes program is available on the official UCEED website.

UCEED and BDes admissions are two different activities; candidates are advised to read this complete document carefully.

Only those students who have passed Class XII (or equivalent) in 2023 in all subjects or are appearing in 2024 in ANY STREAM (Science, Commerce, or Arts & Humanities) for the first time are eligible to appear for the UCEED 2024 [See [ELIGIBILITY CRITERIA FOR APPEARING IN UCEED 2024](#) for complete details].

Part 1 of this brochure provides information related to UCEED 2024.

Part 2 provides information on the subsequent joint seat allocation for BDes admissions in the six participating institutes for the Academic Year 2024–2025.

Part 3 provides formats for various certificates.

PART 1 : UCEED 2024

1. GENERAL INFORMATION

UCEED 2024 will be conducted by the Indian Institute of Technology Bombay under the guidance of the UCEED-CEED Implementation Committee 2024 (henceforth referred to as the UCI Committee).

UCEED 2024 is open to all nationals (Indian/Foreign). 2.1. IDC School of Design, IIT Bombay

IDC School of Design (IDC), previously known as the Industrial Design Centre at IIT Bombay, has a Bachelor of Design (BDes) programme that started in 2015. IDC now offers a four-year / eight-semester BDes programme and a five-year / ten-semester dual degree BDes + MDes programme. Students are admitted to the BDes programme after completing class XII by qualifying through the Undergraduate Common Entrance Exam for Design (UCEED). The option of shifting to a dual degree programme is available to the students at the end of their 3rd year. Both programmes are credit-based and thus offer the flexibility to progress at one's own pace. A minimum level of performance is essential for satisfactory progress. The medium of instruction is English.

The BDes programme in IDC emphasises skill-based components in the fundamentals of design in the first two years. In the third year, the students have a choice of a large number of elective courses that provide an opportunity to specialize in the various areas of design that IDC is known for. The potential for design lies in solving real-world problems. A series of design projects (one in each semester), often enriched through field trips and real-world experiences, enables students to engage with design issues and develop an understanding of design methodology. In the last two semesters of the BDes programme, the students do semester-long degree projects that demonstrate the abilities that they have acquired.

The IDC School of Design provides a conducive environment for design research, academics and collaborative projects. Supported by the excellent facilities, technical expertise and academic diversity of IIT Bombay, IDC has been involved with impactful design and research projects of national importance. Apart from the BDes and BDes + MDes programmes, IDC has well-established Master of Design (MDes) degree programmes in Industrial Design, Communication Design, Animation Design, Interaction Design, and Mobility and Vehicle Design, as well as a popular PhD programme.

Students admitted to the BDes programme are not eligible for branch change to any other undergraduate programme(s) offered by IIT Bombay at any time during the entire duration of the programme.

Collaborative Design, Ethics, Sustainability, Product Systems and Services, Design and Education, Wellness, and Crowd-sourced Design, etc.

The BDes course curriculum is designed to tackle an increasing need and demand both with the academic and the professional aspects of the discipline for undergraduate programs in Design. The BDes curriculum has a four-level structure leading to a gradual movement from general, foundational courses at level 1 to more specialized inputs at level 4. The program attempts to constitute both the 'general' dimension of design (breadth) and the specific dimensions (depth) through the four-level structure, which allows gradual focus areas to emerge. As the student moves upwards from level 1 to level 2, the student graduates to choosing between courses which offer different kinds of skills from soft to hard. The courses at level 1 would help the students to choose the mix of skills they prefer to acquire. At level 3, it is hoped that the student is ready to fine tune a certain mix or a set of skills into a specialization. It is at this stage that the specializations emerge – Product Design, Visual design, Interaction Design User Experience Design, Film and Animation, and so on. At Level 4, the student employs all that has been gained regarding skills and understanding and applies or uses them in independent projects. Level 4 is purely about design as a *practice*. It provides real-life environments to provide the students with a taste of what it means to practice design. For more information about DoD, IIT Hyderabad, visit: <https://design.iith.ac.in>

- Utmost care is taken to prepare an error free question paper. However, if an error is detected in the question paper, the UCI Committee shall take an appropriate decision after the examination, which shall be final.

Details of the two parts of the question paper are given below:

Part-A (Total marks: **200**; Maximum time: **2 hours**)

- This part will be administered through a computer-based test.
- This part will consist of three sections.

Section 1: NAT (Numerical Answer Type): 14 questions (4 marks each; no negative marks). For these questions, **the answer is a number** that needs to be entered using a virtual keyboard on the computer screen. No choices will be shown for these questions.

Section 2: MSQ (Multiple Select Question): 15 questions. Each MSQ may **have one or more than one correct choice(s)** out of the four given. The following is the marking scheme:

Full Marks: + 4 If only (all) the correct option(s) is(are) chosen and NONE of the incorrect options is chosen.

Partial Marks: + 3 If all the four options are correct but ONLY three options are chosen and NONE of the incorrect options is chosen.

Partial Marks: + 2 If three or more options are correct but ONLY two options are chosen, both of which are correct and NONE of the incorrect options is chosen.

Partial Marks: + 1 If two or more options are correct but ONLY one option is chosen and it is a correct option and NONE of the incorrect options is chosen.

Zero Marks: 0 If NONE of the options is chosen (i.e., the question is unanswered).

Negative Marks: -1 In all other cases.

The questions in Part-B will be displayed on the computer screen, and the answer must be written/drawn in the answer book provided by the invigilator. In the case of PwD candidates availing the use of a scribe, assistance in attempting Part-B is not permitted, as the question is aimed at evaluating their drawing skill.
- Part-B answer booklets will be collected at the end of the examination.
- Part-B question is mandatory.
- The entire paper (Part-A and Part-B) must be finished within the stipulated time for each part.

Following is the question paper structure for UCEED 2024:

17. EVALUATION

- Part-A of the examination is a computer-based test; there is NO scope for review, re-grading or re-totalling the Part-A marks of the examination paper.
- Part-B contains two questions which expert examiners will manually evaluate. Part-B of UCEED 2024 is a subjective question, and no model solution exists. It will be evaluated holistically on the criteria given in the question.
- There is NO provision for RE-EVALUATION or RE-TOTALLING in UCEED 2024. Request for re-evaluation/re-totalling will NOT be entertained under any circumstances. No correspondence in this regard shall be entertained.
- **Shortlisting:** Marks obtained in Part-A will be used to shortlist candidates. The cut-offs (δ) for Part-A marks to shortlist candidates in the OPEN category will be $\mu + (\sigma/2) = \delta$, where μ and σ are the average marks and standard deviation of distribution of marks obtained by ALL the candidates in Part-A of UCEED 2024. The μ , σ , and δ will be rounded-off to two decimal places. The candidates belonging to the reserved categories shall have to fulfil a relaxed cut-off mark, which will be 0.9δ for OBC-NCL/EWS, 0.5δ for SC/ST/PwD, where δ is the cut-off mark for OPEN category.
- Part-B paper of those candidates who do not get shortlisted, shall not be evaluated.
- All shortlisted candidates will get a rank.
- The evaluated answer booklets of Part-B will not be shared with the candidates.
- Answer booklets of Part – B will be preserved ONLY for a period of three months from the date of declaration of the UCEED results.
- The evaluation of Part-B will be done manually by at least two expert evaluators separately and independently.
 - If the difference ≤ 20 marks (20%), a simple average of the two examiners will be considered.
 - If the difference > 20 marks (20%), the answer sheet of Part-B will be evaluated by a third expert examiner (and so on until the difference $\leq 20\%$).
 - A simple average of the closest of two evaluators will be selected as the final marks.
 - If the difference in marks between the moderator and either of the examiners is the same, then the higher average will be considered for calculating the score.
- The total UCEED score will be calculated by adding the marks obtained in Part-A and

Part-B. This total score will be used to prepare the final result/rank.

- UCEED 2024 Question Paper and Draft Answer Key will be released on the UCEED website on January 23, 2024.
 - Any comments or objections to the draft answer key may be given only in the **candidates' portal** within a period of two days, i.e., till January 25, 2024, by 05:00 pm.
 - The order in which a question appears may differ for each candidate. Hence, the candidates are advised to use the Master Question Paper uploaded on the official UCEED website as a reference to upload their comments/queries. This would help the committee to map the candidates' comments/queries to the right question.
 - Comments/objections sent via email or in any mode other than through the candidate's portal will not be considered.
- The candidates' responses for Part-A of UCEED 2024 will be available for download ONLY until the declaration of the UCEED results and not thereafter.
- The UCI Committee will take the final decision regarding the contested answer keys after consolidating and considering all the comments from the candidates and the paper-setting team. This decision is final and will be binding on all the candidates.

18. RESULTS OF UCEED 2024

- Results will be declared on March 08, 2024.

- All the candidates who appeared in UCEED 2024 can download their Score Card from March 11, 2024, to June 12, 2024, from the official UCEED 2024 website.
- All shortlisted candidates will get a common merit rank (All India Rank). All shortlisted candidates are considered as qualified candidates in UCEED 2024.
- Obtaining a rank in UCEED 2024 does NOT guarantee admission to the Bdes programme. Hard copies of the UCEED Score Card will not be available. Hence, they will NOT be sent to qualified candidates by post or email.
- The responses of the candidates for Part-A of UCEED 2024 will be available for download ONLY until the declaration of the UCEED result. Downloading of Part-A responses will be DISABLED once the UCEED results are declared. No further requests will be entertained in this regard.

19. RANK LISTS

- All shortlisted candidates will get a rank. All shortlisted candidates are considered as qualified candidates in UCEED 2024. For details on shortlisting criteria, see [EVALUATION](#).
- Rank list will be prepared based on the total marks (Part-A marks and Part-B marks combined) in UCEED 2024.
- If the total marks scored by two or more candidates are the same, then the following tie-break policy will be used for awarding ranks:
 - i. A higher rank will be assigned to the candidate who has obtained higher marks in Part-B.
 - ii. If the criterion given in (i) does not break the tie, higher rank will be assigned to the candidate who has obtained higher marks in Section 2 of Part-A.
 - iii. If the criteria (i) and (ii) do not break the tie, higher rank will be assigned to the candidate who has obtained higher marks in Section 1 of Part-A.

To apply for admission to the BDes programmes of the participating institutes, i.e., IIT Bombay, IIT Delhi, IIT Guwahati, IIT Hyderabad, IIT Roorkee and IIITDM Jabalpur, an applicant is required to fulfil ALL the following three criteria simultaneously.

Criterion 1 – Age limit:

The candidate should have been born on or after October 1, 1999, if belonging to the OPEN/EWS/OBC-NCL category and on or after October 1, 1994, if belonging to the SC, ST or PwD category.

Criterion 2 – UCEED qualification:

Candidates who are **NOT** citizens of India (by birth or naturalized) (but not OCI/PIO candidates) shall be considered as foreign nationals. Seats allotted to such foreign national candidates are supernumerary with a cap of 10% of total number of seats in every course. These candidates are outside the ambit of reservation of seats under the GEN-EWS, OBC-NCL, SC, ST, and PwD categories / sub-categories, as specified herein. There are no separate supernumerary seats or sub-category for females in the foreign national supernumerary seats.

To be considered for seat allocation, foreign national candidates should have an All India Rank (AIR) and satisfy all the eligibility requirements meant for an OPEN category candidate. Seat allocation to foreign national candidates is carried out after the completion of seat allocation to all the Indian national candidates (in the same round). Identity Proof: Identity proof of the candidate is required in the form of a Citizenship Certificate/Foreign Passport and/or OCI/PIO Card, where applicable.

If it is discovered at any stage that a candidate has used a false / fake / incorrect document, or has furnished false, incorrect or incomplete information, in order to avail the benefit applicable to the OCI/PIO card holders, then such a candidate shall be excluded from all admission processes. In case such a candidate has already been given admission, the admission shall stand cancelled.

Note that there will be no spot admission rounds in IITs, after completing the counselling. IITDM Jabalpur may conduct a spot round of admissions at the institutional level if there are any vacant seats after completion of the counselling.

23. APPLICATION FORM FOR ADMISSION

Only UCEED 2024 qualified students can apply for admission to the BDes programme at IIT Bombay, IIT Delhi, IIT Guwahati, IIT Hyderabad, IIT Roorkee and IIITDM Jabalpur for the academic year 2024-2025. There will be a common application form for admissions to respective BDes programmes. The UCEED Office, IIT Bombay, will process the common application form and conduct the joint seat allocation process.

The common application form will be available through the IIT Bombay Admissions Portal. The link for the same shall be available on the official UCEED website (www.uceed.iitb.ac.in). Applicants can fill in their personal particulars and select institutes of their choice by indicating the order of preference.

The application can be submitted after paying the application processing fee, uploading digital copies of relevant supporting documents, and the signed copy of the completed application form (first page only). The online application form provides detailed instructions on each step of the application process.

Supporting documents required for application are digital copies of photograph, signature, UCEED Score Card, qualifying examination Mark Sheet (Class XII or equivalent), and where applicable, EWS/OBC-NCL/SC/ST Certificate, PwD Certificate, and OCI/PIO Card.

UCEED and BDes admissions are two different activities. The category-wise rank obtained in UCEED indicates the candidate's position in the respective category at the time of the result declaration.

Seat allocation will be based on the All India Rank (merit order), reservation category and seat availability in each institute at the time of seat allocation.

Applicants will be able to edit their application form, including the order of preference of institutes and resubmit it till the closing date of the application period. However, after the closing date, all institute choices and information filled in the applications are treated as FINAL. Requests for ANY changes in the application (after the closing date) will strictly NOT be entertained.

It will be the sole responsibility of the candidate to provide the correct and complete information regarding the qualifying exam and category and upload the correct documents in the required formats in the application form. Application forms that are incorrect and/or incomplete in any way will be summarily rejected, and the application will be considered invalid. The admitting institutes will conduct a document verification exercise for each candidate during admission. The admitting institutes have the right to cancel, at any stage,

the admission of a candidate per their rules and regulations in practice if it is found that any information provided by the candidate is incorrect or the application is incomplete.

Candidates may note that the offer of admission made to them during the online seat allocation process is provisional and will be confirmed by the admitting institutes only after the requisite fees are paid, the documents are duly verified, and their formalities are completed. Once the counselling is closed, the entire process of BDes admissions through UCEED is over and shifting from one institute to another is NOT possible.

24. APPLICATION FEE

The BDes admission application counselling processing fee for applicants of all categories and genders is ₹4000 (Rupees Four Thousand only). This fee is **non-refundable and non-transferable**.

25. SEAT ALLOTMENT

Three rounds of seat allocation will be conducted. However, the seat allocation will be closed once the seats are filled. A seat will be provisionally allotted based on the applicant's All India Rank (AIR) in UCEED 2024, category and choice of institutes. Selected candidates will be sent provisional allotment letters via their registered email. They will be directed to an online payment system to remit the Seat Acceptance Fee of ₹60,000 (Rupees Sixty Thousand only) for GEN/EWS/OBC-NCL and ₹ 15,000/- (Rupees Fifteen Thousand only) for SC/ST/PwD.

The following rules will govern the joint seat allotment:

- If the selected candidates DO NOT remit the seat acceptance fee before the deadline or DECLINE the admission, their application will stand CANCELLED.
 - They will NOT be considered for the subsequent round of seat allotment.
 - These vacant seats will be offered to other eligible candidates to be filled up during the subsequent rounds (if any) of seat allotment.
- If applicants are allotted their FIRST choice of institute, they can either ACCEPT ('freeze') the offer or DECLINE it. If they choose to DECLINE the offer, they will NOT be considered for subsequent rounds, and their current seat allocation shall be CANCELLED. This seat will be filled during the subsequent rounds (if any) of allotment.
- Suppose applicants are allotted their SECOND/THIRD/FOURTH/FIFTH choice of institute. In that case, they can opt to either ACCEPT ('freeze') the choice or ACCEPT WITH THE OPTION TO BE CONSIDERED FOR UPWARD MOVEMENT ('float') choice for subsequent rounds (if any) of the joint seat allocation.
 - If the candidates chooses the 'freeze' option, it means they have ACCEPTED the offer and do not wish to participate in further rounds of seat allocation. Such candidates will NOT be considered in subsequent round(s) of seat allocation.
 - If the candidates chooses 'float' option, it means they have ACCEPTED the offer and have indicated that, if admission to an institute of their higher preference is offered, they will accept it. Else, they will continue with the currently accepted institute. Such candidates will be considered in subsequent round(s) of seat allocation.

- For candidates who choose the 'float' option, allocation of a seat in an institute of their higher preference in a subsequent round would AUTOMATICALLY result in the forfeiture of the seat accepted by them in the earlier round.
- In cases of ACCEPT/FLOAT/FREEZE, the candidates must pay the complete amount of the seat acceptance fee mentioned in the provisional seat allotment letter. Failure to make the payment will result in the cancellation of their allotted seat, and they will not be considered in any further rounds (if any) of seat allocation.
- Candidates offered seats have to remit the seat acceptance fee only ONCE. Thus, candidates allotted another seat (because they chose the 'float' option) need not pay the seat acceptance fee again.
- For candidates who accept the offered seat, the seat acceptance fee will be adjusted against the institute fees of the admitting institute at the time of joining. For candidates who decline the offered seat after remitting the seat acceptance fee, the refund of the seat acceptance fee will be governed by the policies of the admitting institute.
- The candidates who have paid the seat acceptance fee and opt for withdrawal after the first round up to one day before the announcement of the third round will get a refund after deducting seat cancellation and processing charges of ₹5000 (Rupees five thousand only). Refund requests after the announcement of the third round will not be entertained, and no refund shall be given thereafter.
- No refund is given after the third round as there is no option of "float" of the seats after the third round.
- Candidates do not have an option to withdraw/decline an accepted/allotted seat after the announcement of the last round of seat allocation.
